

The Care Navigator Service Adult Social Services and Housing

The Care Navigator

This new service is available to you if you are financially responsible for your care and are concerned about how to get the kind of help that may be available to enable you to remain in your own home and live as comfortably as possible.

We can provide you with advice, practical help and make sure that if you choose not to have a formal assessment of your needs that you are aware of the options available to you.

We can help you to be clear about the type of help you need and work with you to organise assistance at a fair cost.

If you or a family member would like to talk to a Care Navigator please call Care Connect on 01275 888 801

**The service is available Monday to Friday 9am to 4pm.
We are happy to arrange to visit you in your own home.**
