

Community Transport schemes in North Somerset are aimed at providing fully accessible, efficient and affordable transport to members of the public with limited mobility.

Two types of Community Transport schemes operate in North Somerset;

Community transport groups which provide fully accessible minibuses for a wide range of regular shopping trips, dial-a-ride, group hire and day trips.

Car schemes which provide services for a range of local trips, particularly helping people to attend medical appointments.

Community Transport schemes are typically run by local volunteers within the community. Use this fold-out map to find your local scheme.

For information on community transport in North Somerset, contact the public transport team on **01275 885 176**

For travel information for disabled people across North Somerset and the Greater Bristol area you can also visit

**[www.accessible-transport.com](http://www.accessible-transport.com)**

A website dedicated to improving accessibility for our residents with limited mobility.

Council documents can be made available in large print, audio, easy read and other formats. Documents on our website can also be emailed to you as plain text files.

Help is also available for people who require council information in languages other than English.

For more information contact: 01934 426 716

Community transport services in North Somerset are part funded by North Somerset Council.
