Guide to Music Curriculum Support & Enrichment in North Somerset Schools

Introduction

The annual publication of this *Guide to Music Curriculum Support & Enrichment in North Somerset* is always a milestone in the planning of our provision for schools. Before it can be finalised all of the dates have to be set, venues booked, external facilitators confirmed and course content decided upon. So once the Guide is produced, we can rest assured that a lot of the planning and preparations for the year ahead are complete. Even at this early stage diaries are starting to be heavily populated.

In response to feedback and the changing working practises within schools, we are not producing 'hard copies' of this 'blue book' for 2011-2012. Instead we are trying to ensure that everyone can access it easily online. An advantage of this approach is that the 'online' version of the document can be interactive! When you see a course or activity you want to book, simply click on the 'Click here to book' icon and you will be taken straight to the appropriate online form or CPD Online page. This will save lots of searching and wondering of you have the right form etc.

This document will be available at www.n-somerset.gov.uk/musicservice. It will also be automatically emailed to all Music Co-ordinators and Headteachers.

Layout of This Guide

This document is identical in format to last year, so everyone should now be familiar with it. It is organised by year group, so that teachers should find it easy to identify all of the opportunities that exist for themselves and their pupils.

Accessing this Guide

Every school receives electronic copies of this guide and it can also be viewed or downloaded from the *Music Curriculum Support & Enrichment* section of www.n-somerset.gov.uk/musicservice

Booking Support & Enrichment

All activities in this Guide can be booked by simply clicking on the 'Click here to book' icon alongside each activity. This will take you to the appropriate page on CPD Online, or the Enrichment E Booking Page.

A **Booking Form** is also to be found at the end of this document which can be printed and completed by hand, or one can be downloaded from the Curriculum Support & Enrichment area of the www.n-somerset.gov.uk/musicservice. The Booking Form is also distributed to all schools in late June.

Accepting Appointments

All visits to schools to provide Curriculum Support to teachers/classes will be preceded by an email to the school stating the day and time of the visit. This email will include 'Accept' and 'Decline: please rearrange' buttons, one of which must be selected by the recipient in response. Unless a school replies to the message by clicking on the appropriate button, the visit will not go ahead or be rearranged.

Once a time and date for a visit has been accepted then it will be diarised for the appropriate member of the Music Service team, and a confirmation email sent to either the school office or Headteacher. Should the Music Service facilitator arrive at the appointed time to find that they are not required, then the school will be invoiced £50 for the aborted visit. If possible another may be re-arranged but this can not be guaranteed.

Curriculum Support visits can be cancelled with 14 days notice without incurring the aborted visit charge, however rearranging cancelled visits may not always be possible.

Booking Terms and Conditions for Courses & Seminars

You need to be aware of the following changes which came into effect on 1 April 2011 across the Council.

Cancellation period and penalties:

- All cancellations must be made via CPD Online
- Cancellation period is two weeks (ten working days) before the event start date
- Where possible please nominate a substitute from your team to attend in your place
- If you cancel your booking within two weeks (ten working days) of the event or fail to attend without cancelling your booking the following penalties will apply:
 - Where a fee has been paid there will be no entitlement to a refund
 - Subsidised events where there was no fee to pay will incur a cancellation fee of £50
 - In order to waive these fees your establishment may nominate a substitute member of staff to attend in your place.

Materials

It is usual for all Curriculum Support seminars and many other courses to involve delegates being given materials, either on CD's or as handouts. To address the growing number of replacement copies being requested, additional copies may be purchased from the Music Service. Additional copies can also be purchased for teachers who can not attend a seminar but wish to cover the same topics with their class as those that do.

Booking on Someone Else's Behalf

It is best if teachers book their own places on courses, however when this is not possible it is important that the name of the teacher who will be attending is stated in the 'Special Requirements' section of the booking screen. Otherwise all preparations and materials will show the name of the person that has made the booking rather than the actual delegate.

Cost of Provision

There are two differences to the charges for 2011-2012.

1. Seminars and Support Visits priced individually

In recent years some teachers have not wanted to access the whole package of Curriculum Support provision offered for a particular year group. For example they may only have been able to fit in one follow up support class visit because of timetable pressures. Therefore, we are now pricing seminars and support visits separately, so that you only pay for what you actually need.

2. Increase in Price

The Music Education Grant which until now has very heavily subsidised the Curriculum Support offer to schools can no longer be used for this purpose. Regarding this type of provision the DfE now state the Grant can only be used 'towards the cost of... related Continuing Professional Development for teachers not employed by schools...'.

In addition to this restriction the Music Service is currently managing a reduction in funding of £94,000. It is therefore inevitable that the charges for some provision have increased.

Discounted Charges

There is a change to the charging policy for Curriculum Support & Enrichment that comes into effective with this 2011-2012 offer for schools.

Early Bird Bulk Buying Discount: All bookings made before the 15 July 2010 either online or using the Booking Form will be subject to a Bulk Buying Discount. When the total spend of a school for Curriculum Support or separately Curriculum Enrichment goes over certain thresholds then discounts apply if booked by the 15th July deadline. Please see the Booking Form for further details. These discounts apply whether you book online or using the Booking Form.

Congresbury.**

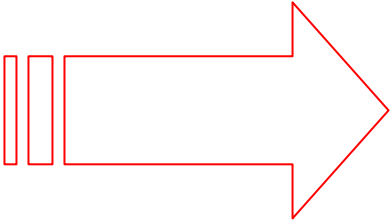

All *Music Curriculum Support and Enrichment* provision aims to address the needs of all education providers and children within the Authority. Teachers from Special Schools or PRUs choosing to take part in any Music Service CPD, or wishing to involve their pupils in Enrichment opportunities will find their needs addressed. In addition, any Special Schools or PRUs that book workshop activities will receive tailored delivery for their specific group of pupils. Teachers are also very welcome to attend the Primary Network Meetings

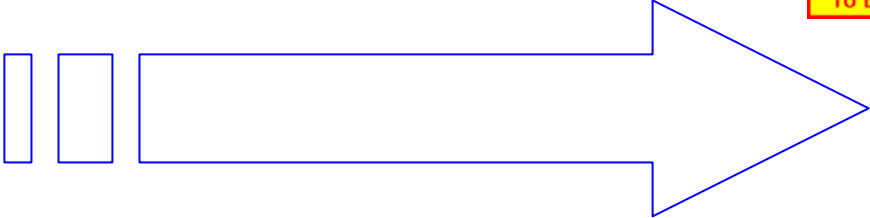

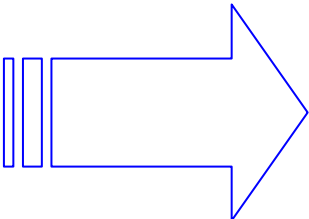

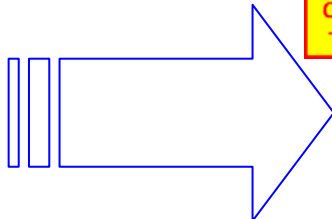

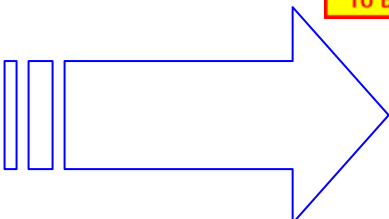

Special Schools and PRUs are able to access all Music Service provision including the Wider Opportunities Programme (see separate publication for further details). Although this is usually restricted to KS2 pupils, in the Special School setting it is instead available to pupils working at a KS2 level.

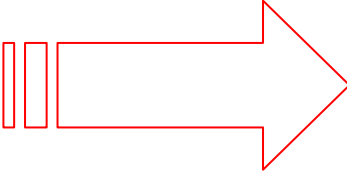

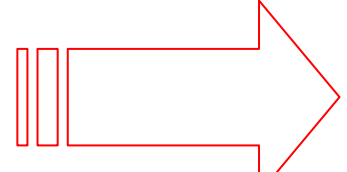

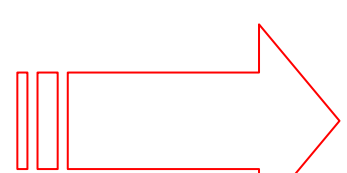

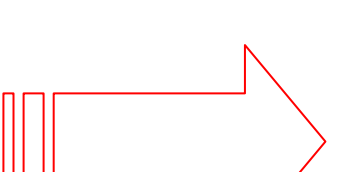

Year Group	Teachers' Seminar	In Class Support	Celebration Showcase	Cost
