Dear Mr Reep

EXAMINATION INTO THE SOUNDNESS OF NORTH SOMERSET CONSEQUENTIAL CHANGES TO POLICIES CS6, CS14, CS19, CS28, CS30, CS31, CS32 AND CS33

Thank you for your response dated 14 March to my letter of 22 February. I have produced a list of matters and issues to be considered at the hearings. These, and the draft hearings timetable, have now been published.

I would be very grateful if you could assist the examination process by arranging for the Council to:

- produce detailed responses to each of the matters and issues;
- in each response, include direct references to the evidence the Council is relying on, so that the Council’s case is easily navigable and comprehensible; and
- attach the relevant evidence to the Council’s response so that it is easily accessible, thus avoiding the need to spend time searching for and looking up documents.

The result should be a clear and concise expression of the Council’s case and all its supporting evidence in one place. This will help speed up the examination process and assist with an appreciation of the Council’s case, especially in the present situation where parallel work is going on in respect of site allocations.

Yours sincerely

Jonathan Bore

Inspector
